

Outmoded Figure: Median Student Debt Remains Higher for Black Borrowers Over Time

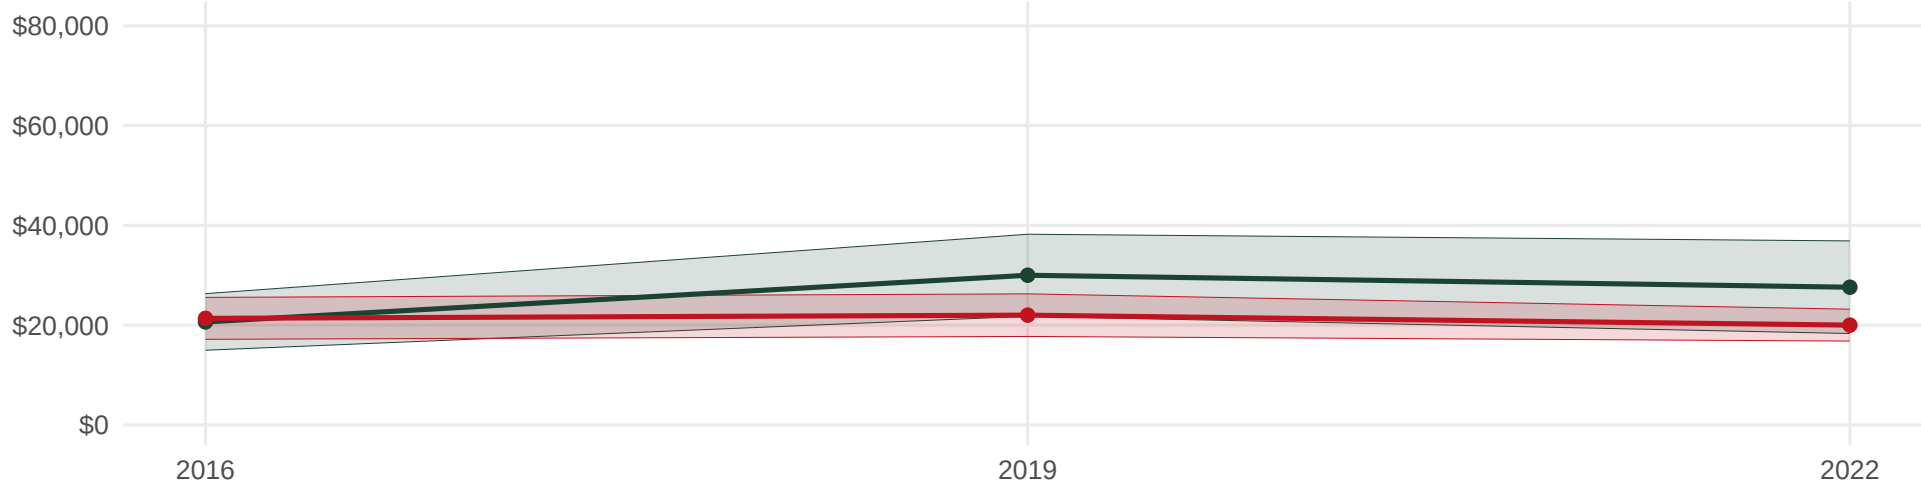

Median student debt among households with positive student debt over time for Black and Non-Black households.

—●— Black —●— Non-Black

Married household

Unmarried household

Author's analysis of 2022 Survey of Consumer Finances data. Years shown: 2016, 2019, 2022 . Sample: eligible households with positive student debt only, after the project's income screens. Eligible households are above the IDR-style \$0-payment cutoff by household size and below the deduction phaseout ceiling for household type. Estimates are weighted. Shaded bands show 95% confidence intervals.
