

Student Loan Interest Deduction Claims Are Concentrated in Middle-Income Bins

U.S. totals by adjusted gross income group

Author's analysis of IRS Statistics of Income, Table 2, tax year 2022 national totals. Blue bars show the number of returns claiming the student loan interest deduction, in millions. Orange bars show the total deduction amount claimed, in billions of dollars. Amounts are sourced from the IRS row reported in thousands of dollars and rescaled here for readability.
