

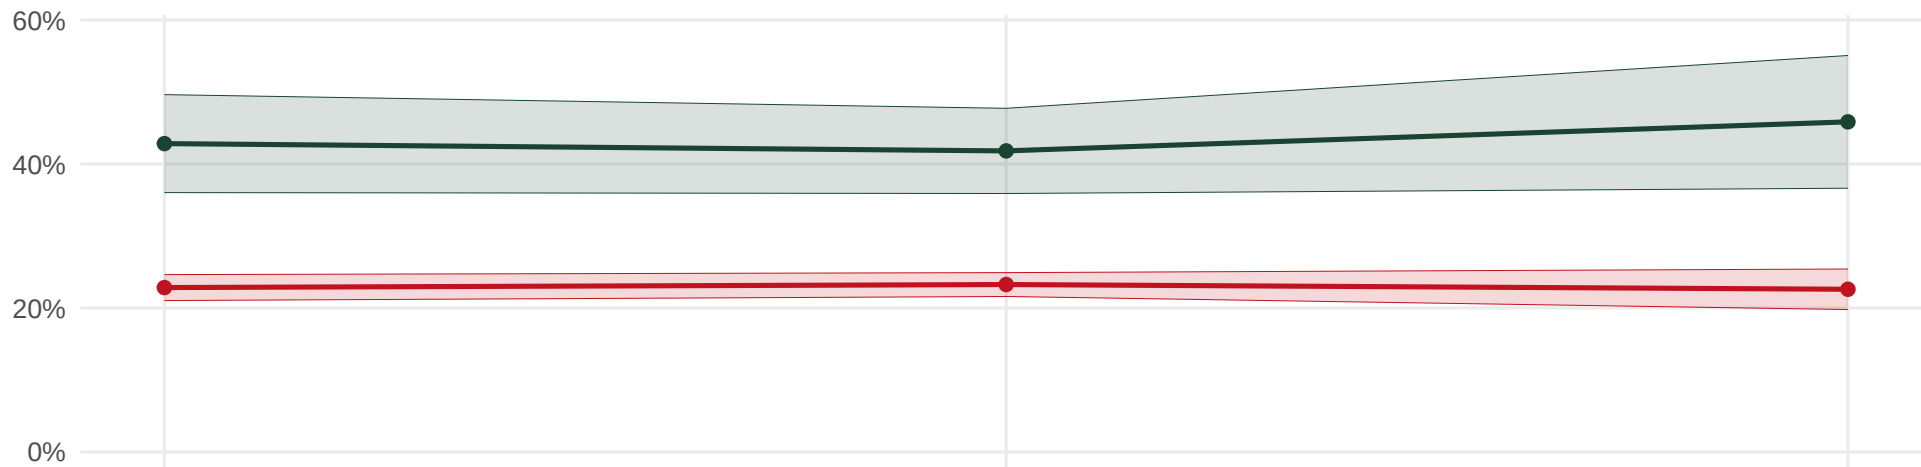

Figure 1: Student Debt Touches More Black Households Than Non-Black Households Over Time

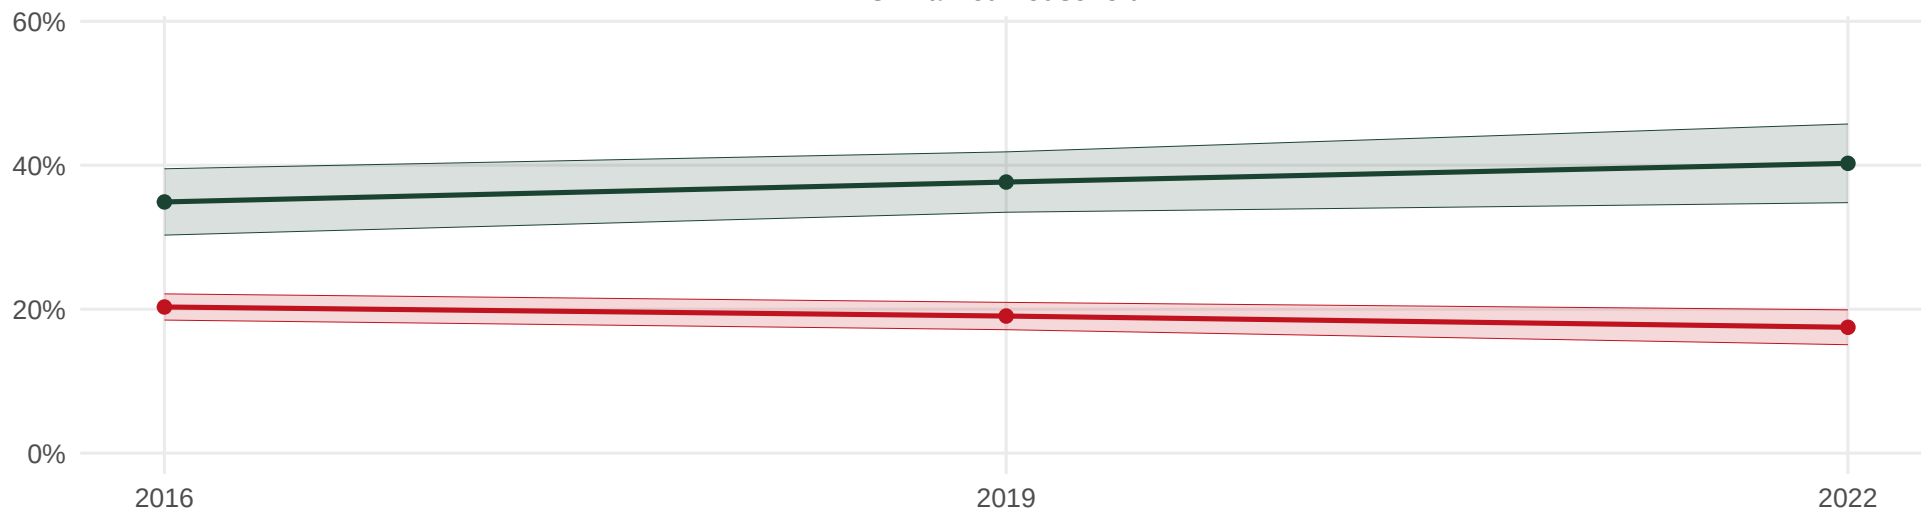

Percent of eligible households with positive student debt over time for Black and Non-Black households.

Black Non-Black

Married household

Unmarried household

Author's analysis of 2022 Survey of Consumer Finances data. Years shown: 2016, 2019, 2022 . Denominator: all eligible households after the project's income screens; numerator: households with student debt greater than zero. Estimates are weighted. Shaded bands show 95% confidence intervals.
