

Outmoded Figure: Student Debt Reaches Households Unevenly Across Race Groups Over Time

Percent of eligible households with positive student debt over time by collapsed race group.

Author's analysis of 2024 Survey of Income and Program Participation data. Years shown: 2018, 2019, 2020, 2021, 2022, 2023, 2024 . Denominator: all eligible households after the project's income screens; numerator: households with student debt greater than zero. Estimates are weighted. Shaded bands show 95% confidence intervals.
